GAS

goes to Boston College

When you revisit the scenes of your college days, two familiar spots will show the results of modernization. Gleaming new appliances have just been installed in the Cafeteria and Alumni Hall. They're modern Gas appliances!

Gas was again selected as the fuel because of its long record of outstanding service at the Heights. It's

speedy, clean, efficient, makes food taste better, reduces cooking waste, serves large groups faster.

Naturally, Gas not only goes to Boston College but also goes into the private homes of millions who prefer its modern, economical service. Install sparkling new automatic Gas appliances in *your* home, and enjoy truly modern, carefree living.

Boston Edison Company salutes Boston College, a great institution of learning where, by the light of education, the youth becomes the man, the man who does his own thinking.

Indeed, what more important lesson can a College teach than that a man do his own thinking? For it is the thinking man who cherishes freedom, the thinking man who best translates into reality his dream—every man's dream—of a better world.

And who is a more inspiring example of the thinking man than Thomas Alva Edison? It was he, inventor of the modern miracle, electric light, who proposed this advice that every student can well take to heart:

Prepare thoroughly on all that has gone before, study the wisdom of the past . . .

BUT DO YOUR OWN THINKING!

*Notes
from the
Alumni
Secretary's
Desk*

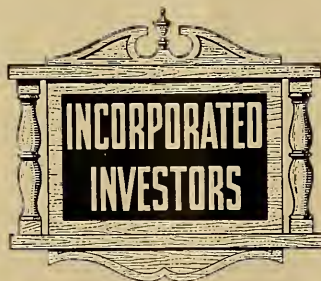

After ten years as Alumni Secretary here are a few facts, fancies and impressions accumulated about the past and present that come up in a day's work.

The first Alumni office opened about March, 1923, at 480 Washington Street, Boston. Miss Mary Mara was the secretary. . . . At the low ebb of World War II there were 180 students at the Heights. . . . 1906 is the oldest class meeting regularly every year. . . . Two great classes are 1899 and 1914. . . . An ambassador of goodwill at class dinners is Father Martin Harney. . . . The most famous campus character was Billy Frazier. . . . You would be

surprised at the large number of Alumni who have adopted children. . . . Futile efforts: explaining to disgruntled Alumni the allocation of seats for the Holy Cross game. . . . One of the oldest B. C. Clubs, New York, started in 1905. Believe lawyer John B. Doyle, '99, was responsible. . . . A great worker for B. C. in the early days was John Drum, '90. . . . The Class of 1930 gave the largest number of Alumni to the priesthood, 57. . . . Trends of the present day: the influence of Boston College on the Diocese of Boston is well known with hundreds of Alumni serving as priests. In turn these priests have sent many boys to the College. This situation is now changing with the establishment a few years ago of the minor seminary, St. Clement's. Future priests who normally would have attended B. C. are now going to St. Clement's. In the ordination class this year at St. John's Seminary out of 25 only 7 were B. C. men. . . . Best known Alumni: among the older men, Charlie Birmingham, '10; among the younger men, Mike Holovak, '43. . . . During the last war B. C. had possibly more Alumni serving as F. B. I. agents than any college in the country, 73 in all. . . . When Father William Corliss, the former College Treasurer, started the

scholastic year in 1939, he had exactly \$7.00 in the Treasury. . . . A dynamic personality through the years was William D. Nugent, '99. For the benefit of the younger Alumni, he was chairman of the fund campaign in 1921 which resulted in the erection of the Science Building. . . .

The first Alumni dinner took place at Young's Hotel, Boston, on June 28, 1886. Rev. Edward V. Boursaud, S. J., was President of the College and Dr. Edward A. McLaughlin, '77, Alumni President. . . . Battle of the Ages now going on at the Heights: the "struggle for supremacy" between the College of Arts and Sciences and the College of Business Administration. . . . Something hard to get used to: the informal dress of present day students. . . . "Times have changed since our days" department: the large number of husbands and fathers making up the student body the past few years (mostly veterans) . . . the influx of girl employees in recent years. The place looks like a sorority house. . . . Father John Bapst was president when the first classes started in 1864. He was a heroic figure who had the harrowing experience of being tarred and feathered by a Puritan mob while on missionary work in Maine. He was one of the last

Jesuits in Maine until the Society of Jesus returned a few years ago to take charge of Cheverus High School, Portland. . . . Our Pops concert this month reminds us that the first B. C. Night at Pops was on June 27, 1911. . . . The first Alumni dinner at the Heights was in June, 1915. . . . Maroon and Gold are fine college colors but they are not easy to work with when a printing job is desired. . . . The founder of the Maryknoll Order was Most Rev. James A. Walsh, M.M., who attended B. C. in 1881. . . . Devotion to a cause was never more fully realized than in the fund campaigns of recent years. The efforts of many Alumni workers can only be explained by a deep love for Boston College. . . . That statue of St. Michael in the rotunda was a gift of the Class of 1910. . . . An unhappy task: answering the letters of bewildered Alumni serving in the Armed forces all over the world after the 55-12 fiasco. By the way, who was the Holy Cross coach then? Hank Scanlon. . . . Faithful B. C. men of the past: Jim Dorsey, '94, whose repeated boast was he signed up the speaker for the first Baccalaureate in 1894, William Cardinal O'Connell, then a local curate; the fun loving leader of 1917, Father Tony Lavery. . . . Father Thomas "Pop" Quinn, '06, has been teaching at the College longer than anyone else on the present faculty. . . . Accidental meeting story: as good as any is the one about Ralph Dougherty, '40, and Bill Clerkin,

'41. Both in the Army Air Corps during the last war, they met in England and agreed to get together in London one night. Clerkin failed to show up. A few days later Dougherty was shot down and captured by the Germans. When he entered the gates of the prison camp he was welcomed by a committee of one, Clerkin. . . . Colonel Warren Clear, '18, was the first person who attempted to have published an Alumni News. One issue was published in October, 1919. Previous to this time Alumni information was printed in the *Stylus* only. . . .

The Alumni Association was organized in 1884 by four members of 1884, Tim Coakley, Philip Farley, Drs. Francis J. Barnes and Eugene A. McCarthy. The first president was Edward J. Flynn, '81. The records indicate there was an informal group previous to 1884 whose president was Dr. William G. MacDonald, '77. . . . The sports enthusiast of all time is Nat Hasenfus, '22. . . . A great ball player in his day, and now the leading opponent of Communism on the faculty is Father Frank Low, '11; another athlete who has done much for B. C. is Tom Scanlon, '20. . . . A noticeable increase in Alumni who became doctors began around 1922. . . . More buildings have been erected on the campus in the presidency of Very Rev. William L. Keleher, S.J., than any other president. . . . The first yearbook was published by the Class of 1913. . . . 1916 is the only

class that published a book on its 25th Anniversary. . . . A popular recipient of the Alumni Medal is Jerry Mahoney, '21. . . . The Catholic Alumni Sodality of today started in 1899 with the assistance principally of our Alumni. . . . In one year the Alumni Association increased its membership 10% when the Class of 1950 graduated to the number of 1200. . . . The first class to graduate was 1877. Two Alumni, however, went to Georgetown for their philosophy and received degrees as of Boston College in 1872. They are James R. Murphy and Rev. Lawrence

Nothing is permanent except change—HERACLITUS

The beautiful campus of Boston College spreads over 95 acres of Chestnut Hill landscape. Its Gothic buildings are among the finest in New England . . . and the United States.

A High Achievement on University Heights

Boston College first opened its doors on September 5, 1864. The total enrollment in that first year numbered only twenty-two students. From this modest beginning has emerged the Boston College of today — one of our leading centers of higher learning, with more than 6,500 students in seven schools.

Great changes have taken place on the Boston scene during the history of the college. Sweeping changes have taken place, too, in the problems of an individual who wants to make proper provision for the family which will survive him. To meet these problems, an up-to-date will is essential. If you have no will, or if it has not been recently reviewed, you should see your lawyer at once.

To help you deal with changing social and economic conditions and tax laws, you and your lawyer are invited to consult with Old Colony Trust Company about the advantages of Old Colony's service as Executor and Trustee. A copy of "*Wills and Trusts*" will be sent to you upon request.

Boston College first opened its doors in this building on James Street in the South End.

J. O'Toole. . . . Several large scrap books compiled by the Alumni office of the deeds of Alumni and Students in World War II are now in the Library. We still look back with pride on the marvelous record of all who served. . . . We'll end these ramblings with a story about a B. C. ring. Joe Groden, '40, while serving as a lieutenant in the Navy during the War, was leaning over the side of a ship at anchor near an island in the Pacific. When his ring slipped off his finger into the sea he asked the natives to dive for it. After about twenty minutes one of them came up with the ring. Instead of returning it he ran into the woods and Joe never saw the ring again. He figured it out that the ring would constitute a symbol of authority and perhaps now this native is the chief of his tribe!

That's all for today. No, we don't know what kind of a football season we'll have.

War Report

SERGEANT JAMES F. HARRINGTON, U.S.A., '52. Killed in action on April 8 in Korea. He was a veteran of World War II and had served in the Army of Occupation in Japan. A student at the College, he was called back to active duty last year. His parents are

Mr. and Mrs. Theodore C. Harrington, 947 Monponsett Street, Monponsett.

LIEUTENANT THOMAS J. REDGATE, U.S.A., '50. He has been missing in action since December 11 in Korea. Lt. Redgate enlisted in the Army in 1949 after two years at the Heights, stationed at Camp Lee, Virginia. Last August he was sent to Korea where he served in the field artillery. His mother, Mrs. Agnes B. Redgate, lives at 1638 Commonwealth Avenue, Brighton.

SERGEANT GERALD F. SCOTT, U.S.A., '53. Reported missing in action in Korea since February 12. He served three years in the Army in Germany in World War II. He was in the Sophomore Class when recalled to active duty last September. His parents are Mr. and Mrs. William D. Scott, 4 Auburn Street, Wakefield.

REV. JOSEPH W. REGAN, M.M., '25, was arrested by the Communists in China in April.

Griffin Heads Alumni Day

Chairman Bob Griffin, '39, has announced plans for Alumni Day on June 11 which includes several innovations promising to make the exercises attractive to all.

As usual the big attraction in the afternoon will be the contest on Alumni Field between B. C. and Holy Cross.

After the game the program will be radically different from those in recent years. The annual meeting of the Association will be held immediately in the Library Auditorium instead of later on in the evening. The principal speech will be delivered by Very Rev. William L. Keleher, S.J., who is completing his sixth and last year in office. The winner of the William V. McKenney Medal will be announced as well as the election results. Retiring resident John B. Atkinson, '16, will report to the members. Arthur J. Gorman, M.D., '26, will represent the 25th Anniversary Class, 1926.

With the formal part of the program thus completed early the Alumni will be able to have the evening to themselves. They will take over the lawn in front of the Library Auditorium where a buffet supper will be served.

From 2.30 on there will also be open house at Alumni Hall giving returning Alumni an opportunity to inspect the new quarters of the Association.

At noon several classes will have luncheons. The 25th anniversary class will gather at Alumni Hall. 1916 and 1918 plan to meet at the Commonwealth Country Club. The 15 year class, 1936, will take over the Philomatheia Club. 1931, 1939 and 1941 are also planning luncheons.

The annual distribution of funds to cities and towns had more than usual interest this year, when State Treasurer John E. Hurley, a member of the class of 1930, delivered to Boston City Treasurer Daniel Driscoll, of the class of 1928, a check for Boston's share, amounting to \$1,539,002.77.

The Building of a Diocese

by Bishop John E. Wright, '31

Ye editor has suggested that the alumni might welcome a brief report from the new diocese of Worcester.

A single year hardly provides material for the history of a diocese. It would be rash to document either our hopes or our fears by the events of so brief a time.

But these busy months have sufficed to reveal how enviably strong are the foundations on which one builds who has the privilege of working for Christ in Worcester County. True, we have many problems to solve, but they are mostly normal problems, and we have far more helpers than problems.

Mere statistics provide inspiring evidence that as God was with our fathers, so He is still with us. We have tried in this first year to acquire accurate records, for, secondary though statistics be in the work of the Kingdom of Christ, they nonetheless help chart the way. Perhaps our people and their friends may be interested in some of the facts our records reveal.

We have 253,400 communicants in Worcester County. This means there are more Catholics than any of us had supposed would form the new diocese. In a single year, 2328 of our people died, but in that same year 7459 were born to grace by baptism. Exactly 2723 couples pledged their married love in our churches during these same months. The Diocesan Court helped untangle 184 marriage cases.

The hope of every organization lies in its younger generation. Our diocese rejoices in the report that 42,421 young people of school age received religious instruction last year. Of these students 19,543 are in public schools; 16,940 are in various types of parish or private schools.

All these students, in both the traditional American types of school, have thus been brought close to

Christ and His law, the law that underlies the greatness of our nation.

Our people are served in a total of 100 parishes, of which four have been established since the creation of the diocese. Two hundred and thirty priests staff these parish churches; 155 priests of religious orders work side by side with them in our corner of the Master's vineyard. Eleven hundred and forty-three Sisters and 34 Brothers, members of a score of different religious orders, perform the corporal and spiritual works of mercy among us, following hallowed rules of life drawn up by saints who strove, so far as humans may, to fulfill Christ's "counsels of perfection."

No questions are more often asked than those pertaining to youth programs. Even the most local plans for youth work are inevitably complicated at the moment by grim national and international questions. This has been a difficult year in which to think of organized programs for a diocese to sponsor for its youth. So many such plans, like those young people would normally be making for themselves, depend on whether we shall have peace, continued tension or war.

The primary concern of the Church is the spiritual enrichment, the shaping into the image of Christ of

our boys and girls. Only one thing is ultimately needful: their salvation. That holy purpose is fixed and constant; some of the techniques and programs by which it is achieved depend on circumstances. If the traditional American pattern of maximum freedom for church, school and home in youth guidance survives the present crisis, then the emphasis in a diocesan youth program can be on things which flourish in times of peace and the freedom of the sons of God can be the merrier because blended with the enjoyment of those other freedoms which America has always guaranteed her citizens.

On the other hand, there are those who are apparently disposed to steer our country along the way of universal, permanent, compulsory peacetime conscription, the system that began with Napoleon, was entrenched by Bismarck and has been the plague of Europe ever since, as Cardinal Gasparri once pointed out. Until recently it looked as if these people might easily impose their pattern of permanent conscription; recently more moderate counsels seem likely to prevail. But if finally a scheme of universal militarism is imposed for the indefinite future, as opposed to a reasonably defined emergency defense program, then obviously all plans and programs for youth guidance, as well as education of every kind, will have to be re-thought.

In such a case, church, school and home will be obliged to "step-up" enormously the spiritual preparation of our young citizens before army and state functionaries take them over at the age of 18 — or, once such a system is upon us, at whatever other age the militarists decide and the politicians permit.

We would naturally prefer to plan in terms of normalcy and peace. In the wistful words of Pope Pius X, we bless peace, not war. However, we may have to do the less happy, but no less Christian work of teaching the young how charity prevails even in the midst of arms, preparing them to bear themselves as noble athletes of Christ under the testing of pagan militarism.

Any Catholic Youth Program, whether worked out under peacetime or wartime conditions, must place its greatest emphasis on the things of the mind, together with those of the spirit. Physical education, organized sport, athletics all have their important and thrilling place, but that place is one of subordination to the development of the alert intellect and the eager heart, as these in turn are subordinate in

their claims to the spiritual soul. There is a hierarchy of values; too often those who acknowledge it in theory have forgotten it in practice.

A Catholic Youth Program, because designed for youth, should be associated with the general idea of education. Because it is Catholic, it should reflect the great concept of education which did so much to help produce the once superb, now badly battered reality we call "Western Civilization," to the cultural content of which our kinsmen in Europe made so major a contribution.

We would be selling our birthright for a sorry mess of pottage indeed if a cult of athletics among our young people caused the mood of Madison Square Garden to gain ascendancy over the mentality that produced the French cathedrals, the English universities, the Norse sagas, the Eastern European saints, Italian songs, Irish poetry, not to mention the basic principles of American political idealism. A youth program which is strong in the appetite for football victories, but weak in the appreciation of these other values is not worth our pennies or our prayers. It would be an affront to the faith of our fathers, to their piety and spiritual refinement.

And so it is heartwarming to hear priests and people setting forth ideas for youth programs in which athletics will have honorable and high place, but where the master plan will be consistent with the familiar Jesuit definition of education: the complete and harmonious development of all the faculties distinctive of man.

It does seem that we New Englanders are in a providential position to aspire after such ideals with wellfounded hope of their attainment. A very great number of our people still live in small communities, close to God's good earth. They live surrounded by the kind of skies and scenes which should keep a people close to heaven. They work in mills, on farms, in busy shops. Their gaze is level; their thought straight-forward. They have roots, sturdy roots of race and piety. They have the advantage of many cultural traditions, all of them proud, living side by side and increasingly disposed to share their riches, old and new.

So the new Diocese of Worcester, serving an area so long a center of friendly rivalry with Boston College men, begs the prayers of the alumni from the Heights, the while we pledge our own faithful remembrance to all at the home base.

Hail and Farewell

by Col. John B. Atkinson, '16

President, B. C. Alumni Association

With this issue of the ALUMNI NEWS your sent Officers and Board of Directors sing their "Van Song". In the hope that this song may be better heard, we are bringing out a completely new ALUMNI NEWS, and we sincerely hope that this gets your approval.

For a long time we have been anxious to change the general appearance of the NEWS. Finally, with the cooperation of a committee under the direction of Bob Galligan '43, consisting of Bill Sheehan '22, Frank Heanue '17, Flavel Ray '27, Joe Sheehan '38, Francis Carey '28, and Jim Cotter '11, this new paper reaches your hands. You will note that we are trying a substantial amount of advertising, and this is from some of New England's most representative companies. It is the income from this that makes this new issue possible. We bespeak your courage for our advertisers.

This past year has been an important one for Boston College Alumni, because it has meant that for the first time we really have our own home, the beautiful Alumni Hall, at University Heights. This beautiful old home has been turned into one of the most attractive alumni club houses that any college can ever boast. The cooperation of Father Keleher and contributions from the Alumni have made this possible. We are still deeply indebted to the College

for advancing funds for the reconstruction of this building, on which there is still a large outstanding debt. It will be for the Alumni in the next year to redeem our pledge that this Hall will be paid for entirely from Alumni funds.

The magnificent Communion Breakfast, under the direction of Chairman Lou Musco '34, at which over 1,000 Alumni attended, and the great night before the Holy Cross game rally, under the direction of Chairman Bob Glennon '34, were two very outstanding events of the year. To top this all, an excellent committee, over which Chairman Bob Griffin '39 presides, is planning some very interesting surprises for you on Alumni Day. The formal banquet is being abandoned and in place of it a very attractive buffet supper has been prepared. All of this will be on the beautiful lawn in front of the Library and will be preceded by an Alumni meeting, which will immediately follow the Holy Cross game. Father Keleher is most anxious to deliver a very important talk to all members of the Alumni. We sincerely hope that every Alumnus will make a great effort to be present at this meeting.

In closing may I express my appreciation to the entire Alumni Association for their cooperation, and especially to Father Keleher and to the Officers and Directors of this Association.

The old Eagle, symbol of the Boston College Alumnus, finds a lasting home as he returns to nest at Alumni Hall

B. C. Alumni News

A Sincere Word of Thanks

by Very Rev. William L. Keleher, S.J.

As we come to the close of another year, let me say a sincere word of thanks to all who have helped to make it a happy one. To the Alumni Board and the class officers who urged me to go ahead with Alumni Hall, my sincere thanks. At long last we have a center where the Alumni can gather, a place of which we can be proud; and I believe it will add much to the activity of the Association.

The latest building on the campus will be ready for occupancy in September. I hope a great many of you will be here on Alumni Day to inspect it—and I am sure you will feel happy about it. Your Alumni Day Committee has arranged an attractive program, and one that will allow ample time for visiting the entire campus.

In January, our Deans organized a Military Advisory Board as a service to the student body, and this has proven itself one of the finest services on any campus. We have had very fine reactions from all branches of the Armed Forces. The committee, composed of Reserve Officers on our faculty, meet weekly to keep themselves informed on the latest directives, or trends, out of Washington. They maintain close connections with the local headquarters

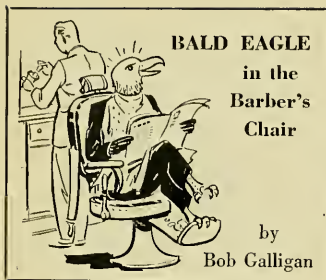

and act as official representatives of the college with these groups. Thus, they have been able to advise and direct students—and alumni—on procedures connected with military service.

We made it clear to the Armed Forces and to the student body that this program was not aimed at keeping the boys out of service. Rather, it is to acquaint the students with all the possibilities in service before they are called. In this way we have enabled a great many to secure deferments and a great many to enter programs which will lead to commissions. I feel it is a program that has done much for all—the services, the college and the students.

About next year—we cannot say. An encouraging number reported for the entrance examinations, and a poll of the present student body indicates that most of them will be with us again. But so much depends on the happenings of the summer months!

I look forward to welcoming you back to the Heights on Alumni Day, to renew old friendships, to see how Alma Mater has grown, and to rekindle the enthusiasm of younger days.

God's best blessings on you all.

The age-old spirit of "ever to excel" is rapidly being translated into a spirit of "Let's Go . . . B.C.!" Most startling manifestation of this fact, to the Alumni at least, is the establishment of the new Alumni Home, Alumni Hall. The Hall has been set up as a nesting place for all old bald eagles. Already, alumni groups, many class organizations and undergraduates, among them the Varsity Club, have already availed themselves of the pleasure of holding their gatherings and making the rafters pleasantly ring at this old Tudor-style mansion.

The History of the Hall

The mansion was originally built according to the wishes and desires of Mr. Curtis Fischel. Mr. Fischel designed the estate as a home for his wife and himself. He departed from the mansion after his wife's death. Recently, together with Mr. Gene Tunney and John Atkinson, Mr. Fischel revisited the new B.C. graduates headquarters, his old home. The former owner was so taken up with the changes and the appropriate use to which his mansion has been put by Boston College that he expressed a desire to place a statue of St. Francis of Assisi on the grounds at Alumni Hall in memory of his departed wife. A note of thanks to Mr. Fischel for originally designing Alumni Hall. A note of thanks, too, to those skillful architects and craftsmen who have blended

the tone of Tudor architecture so well with the utility needs of our alumni placement and extra-curricular offices. It was a difficult job . . . magnificently WELL DONE!

Alumni Hall Edition

A word about this edition of ALUMNI NEWS. This issue of ALUMNI NEWS, the Alumni Hall edition, comes to you with an enlarged 8½" x 11" cover, printed on one hundred pound paper stock. We are running color and artwork on the cover, I believe, for the first time. A few physical facts may interest you . . . the color necessary for the cover border required a three pound tub of maroon ink. Many additional tubfuls of black ink were required to complete the balance of the 47 pages which make up the reading matter of the news. Approximately 60,000 sheets of paper were necessary to bring this Alumni Hall edition to you. Roughly seventeen pounds of copper and zinc went into the making of the engravings of this issue. There was, too, a great deal of hot lead made into type to bring to you, the B.C. Alumnus, an improved edition of ALUMNI NEWS. We hope you like it. If you do, or if you have any additional suggestions or comments on the NEWS, any ideas that you feel would make for a better alumni publication, or for stronger relationship between the College and its sons, please send them along. We'd be happy to print any material sent our way and to act upon whatever constructive suggestions you may have for us.

A Clip Joint?

Recently, while the writer was exploring Alumni Hall for the second time, having first attended the new headquarters as a guest at the class of '43's dinner to their classmate Mike Holovack, he happened to see a sign which read, directly enough . . . "Heights Office" and "Barbershop." The words were quite normally stated

in white movable letters on a black felt insert board, a cafeteria type sign. Almost at the same time, Elmer Ross, of the class of '41, happened upon our elbow and we expressed a desire to see the rest of Alumni Hall, especially the lower floor which housed the campus newspaper, "The HEIGHTS," being an old campus days Heightsman ourselves. Elmer graciously volunteered to play the guide in the matter and having inspected the HEIGHTS office, we inquired to see the barbershop, at the same time making the observation that wasn't it a fortunate happenstance that someone had realized that there were hairs to be cut at B.C. . . . that someone had finally established a barbershop on the HEIGHTS, doing away with the necessity for several hundred-odd students to journey to barber shops in their native hamlets and villages. What a wonderful idea! Why hadn't it occurred to us before?

Eventually Elmer made the announcement, throwing open the door to the barbershop. The Barbershop of course is the new Alumni rumpus room, lounge and bar. The pillars thereon have been rather attractively decorated after the fashion of barber poles and hence the name the barbershop. The joke was on us and we remarked to Elmer that perhaps here surely was a clip joint, but certainly one where bald eagles would love to be shaved.

Bald Eagle in the Barber Chair

This little story brings us almost by a succession of Premise I's and Premise II's to this column. It seemed to this writer, that barber shops and barber chairs were always most loquacious places. Either that or they were deathly silent (depending on the disposition of the customer). We felt that perhaps a bald eagle in a barber chair getting a quiet trim would give the old Eagle a chance to reminisce a bit, a chance to share some observations of the Heights with his fellow graduates. Thus, Bald Eagle in the Barber Chair.

If you haven't been out to the Heights lately, as I hadn't been (perhaps in almost a year's time) you have a surprise or two in store for you. You'll find not only a new building or two on the campus, but the tower building itself seems to shine forth like new. Apparently there has been a sandblasting job done and all the delicate tones of the Gothic stone really stand out in a delineation of soft whiteness. Much of the murky grey is gone from the tower and it looks quite beautiful and inspiring to the returning alumnus.

The other day we were discussing with fellow maroon and gold graduates how many strange paths lead away from Boston College. While the tower bells on the Heights seem always to toll in the hearts of B.C. men years later . . . away from those towers . . . our graduates find themselves in odd occupations, earning their daily living in many interesting, fascinating and sometimes unusual ways. For example, the father of a B.C. man (Dr. Paul Paget '44) operates the Swanboat fleet in the Public Gardens. On many a summer day in the past, there has been more than one B.C. man paddling the Swans and carrying a full boatload of eager, gleeful peanut-tossing youngsters around the pond. Mr. S. Thomas P. Colamaria '41 is a tea-taster by trade, employed with the very official sounding U.S. Food and Drug Administration. A good job we'll bet, and even a better one if you like tea, (and we do!).

"Harry" Slams "Sammy!"

Pro golfer "Harry" Ernst '50 recently added to his laurels at the Commonwealth Country Club when he defeated "Slammin' Sammy" Snead in the four ball match there. Harry is a member of the famous B.C. golf triumvirate of Crowley, Ernst and Kinchla, and will be holding forth as Pro this summer at Hatherly Country Club in

North Scituate. Bet John Atkinson will be over for a few lessons, Harry. Myles Connolly is a Hollywood screen writer and author of the recent book "The Bump on Brannigan's Head." He also wrote the now famous "Mr. Blue."

McCarthy Successful Free Lance . .

Joe McCarthy, former managing editor of Yank and fiction editor for Hearst magazines, now successfully free lancing with Colliers and Life and writing a book or two along the way. Joe promises an article for our next edition of the News and sends his best wishes to old friend Joe McKenney of the Boston Post. Martin F. Nolan '18 was recently elected city auditor of Cambridge, Mass.

Here's a real traveler! Leo J. Callanan '21 is now consul general at Yokahama. He joined the foreign service in 1923 and has picked the ALUMNI NEWS out of his mailbox in Genoa, Melbourne, Adelaide, Nassau, Port Said, Madras, Bombay, Naironi, Aden, Barcelona, Malaga, Oporto, Perambuco, Rio de Janeiro, Victoria and Hankow.

"Give It To Mike"

Particularly moving to this observer were Wally Boudreau's words to Mike Holovack on behalf of the class of '43. In presenting the gift of his classmates to Mike our new head coach, Wally said: "Mike, we've got a little gift here for you. It isn't much (raised eyebrows), just a four hundred day clock! (loud applause). "You only have to wind it every four hundred days, Mike, but tonight we're not going to tell you how to wind it nor are we going to show you how it's done. We're not going to show you because every four hundred days we're all going to meet again here together in this hall and we're going to wind your clock for you."

This is the type of cooperative spirit that we believe will make Alumni Hall a lasting and welcome home for the Bald Eagle.

Say "Hello" To The Towers

In case you're wondering who the uniformed individual is in the illustration by the article, "The Heights Revisited," we want to say that it's definitely our old friend Officer Malachy McGrath. We saw Officer Malachy in a recent visit to the campus, and want to report that he was looking tanned and healthy as ever. Certainly it seems that the years have gone well with him. He looks better than ever and we feel sure that a visitor to the Heights such as our old friend Cyril G. K. Marshbank III, would receive a ready welcome and a warm mental handshake from Malachy's ready smile.

Why not drop out to the Heights Alumni Day, June 11. Say hello to Malachy and to the towers. See you there.

Mike Holovack

BOSTON COLLEGE SONGS

ONWARD, B.C.!

All hail, Maroon and Gold,
Our banners unfold.
We loyal sons are with you today,
Young grads and old.
So march along B.C.
'Tis your victory.
Fight! Fight! The eagle will scream tonight.
Onward B.C. All hail!

FOR BOSTON

"For Boston, for Boston
We sing our proud refrain
For Boston, for Boston
'Tis wisdom's earthly fane
For here men are men and their hearts are true
And the towers on the Heights
reach to Heaven's own blue,
For Boston, for Boston
Till the echoes ring again."

ALMA MATER

Hail! Alma Mater!
Thy praise we sing,
Fondly thy mem'ries
Round our hearts still cling,
Guide of our youth, through
Thee we shall prevail,
Hail! Alma Mater! Hail, All Hail!

"SWEEP DOWN THE FIELD FOR BOSTON"

Sweep down the field for Boston
Marching on to glory
Forward fighting Eagles
Carry home the spoils of victory
Oh, we'll crush the foe before us,
As the Boston men of old,
So fight! Fight! Fight! Fight! Fight!
Fight! Fight!
For the old Maroon and Gold.

CHORUS

Cheered to victory our team sweeps on
The foe is vanquished and their spirit gone,
B-O-S-T-O-N, Boston, Boston, Boston!

ALUMNI HALL AWAITS YOUR VISIT

by Felix Doherty

You have a new home . . . the roomy Tudor-style mansion at 74 Commonwealth Avenue, on the Campus has been handsomely remodeled for you . . . the B.C. Bald Eagle. This is a job that has

been done by the alumni . . . for the alumni—so that you may have a home at the Heights to gather once more with your Classmates of other days.

If you haven't yet visited Alumni Hall . . . **plan**

to do so soon. Plan to come to the Heights on Alumni Day, June 11. A warm reception awaits you.

The friendliness of the new headquarters will welcome you at the door. The bright hearth and comfortable furnishings of this big first-floor lounge will invite you to enter, to relax, and to swap reminiscences with other old grads and their friends.

Also on the first floor you'll find offices for the activities that mean so much to an alumnus in a practical way—publicity and public relations, whose function is to maintain and increase public knowledge of and respect for Boston College and the men it gives to the world.

At your class get-togethers you can make the rafters ring in this lofty second-floor banquet hall, with a "home beautiful" kitchen adjoining it. On the same floor, you'll find your special campus representative and liaison man—the alumni secretary—and also the placement bureau which serves both graduates and undergraduates in the vital two-way business of finding jobs for men and men for the jobs.

The basement rumpus room offers further opportunities for informal diversion. Or perhaps, if the weather is balmy, you'll relish a stroll and a smoke on the flagged terrace in the rear of the house, or a

walk through the extensive grounds that slope from Commonwealth Avenue down to the road that circles the reservoir. Incidentally, those grounds are now landscaped with a view to utility as well as beauty; eventually there'll be ample parking space as well as greensward.

For a long time, the alumni of Boston College has needed a real home of its own. And here, at last, is the answer to its need. The new alumni center has everything to recommend it: it's easy to get to, distinctive in design, complete in its facilities for alumni service, and, above all, it's where you want

it—right on the College campus, in the shadow of the Towers associated with your fondest memories.

Every alumnus is going to enjoy this new center, but the men who will enjoy it most are those who help to build it. It isn't hard to be one of those men. Your regular contribution to the third annual alumni fund immediately makes you a founding father of the project. Don't deny yourself the pleasure of taking such an important role in Boston College affairs. Be a builder of the new alumni center. Your contribution will pay off every time you step through its portals.

entered B. C. High in September, 1906, leaves a gap in our ranks and a void in our hearts. We always found in John a loyal and sincere friend ever ready in his newspaper capacity to help the class and the Alumni in every way possible. A veteran newspaperman, his only other interests were his wife and family to whom he was a devoted husband and father. Our sincere sympathy is extended to them. The officers of the Mass, all classmates, were Father Fred Deasy, also his pastor, assisted by Fathers Tom Ford, Belmont, Jim Welch, South Natick, and Ed McLaughlin of Hamilton. Bishop MacKenzie pronounced the final absolution assisted by Monsignor Robert P. Barry of Somerville. Other classmates present were Jim Brennan, John W. Kapples, Ed Kenney, John S. Keohane, Bill O'Sullivan, Dr. Tom Reid and Dan Young.

John Paul Keohane, B. C., '53, is stationed at Fort Belvoir, Virginia.

The Class is planning to celebrate its 35th Anniversary this month. Jack Atkinson is chairman and Frank Roche is in charge of our drive for additional funds for the 1916 scholarship.

Jack Atkinson was the guest speaker at an April meeting of the Rockland Chamber of Commerce.

Rev. Andrew O'Brien is seriously ill and has resigned as pastor of St. Mary's, Wrentham. Kindly remember in your prayers Jim Duffy, our ever loyal classmate and a Christian gentleman who always exemplified the lessons he learned at Boston College.

Good news to hear Father John Cunningham is feeling much better. I saw him at Jim Duffy's funeral.

Alumni Hall was the scene of the annual dinner on Monday, April thirtieth. It was one of the best and most interesting of the

annual gatherings. Thanks to the planning of "Porky Flynn" each one had an enjoyable evening. Despite short notice the following were present: Bill Curley, Joe Dee, Jack Doyle, Father Dullea, Walter Durnan, Phil Dwyer, Eddie Fitzpatrick, Porky Flynn, Frank Heanue, John Hennessey, Martie Higgins, Jimma Kelley, Frank Lee, Frank Limont, Jack McCarty, Bill McCormack, "Rado" McKeown, John Mahoney, Bo Mahoney, Joe Mulvey, Mose Murphy, Father Frank Quinn, Ralph Quinn, Bill Reid, Les Shea, Dr. Carley Smith, Dr. Charley Twomey, Paul Waters, Bill Welch, and The Scribe. Notes of regret were received from Archbishop Cushing, Fr. John Donoghue, Fr. Frank Egan, Fr. John Furley, Fr. Joe Keenan, Fr. Jim Kerrigan, OMI, Fr. Bill Reilly, Fr. Bert Shea, Fr. Bob Sheridan, S.J. Fr. John Welsh, Bob Fitzgerald, Jack Fleming, Nick Petrocelli, Charley Sharkey, Eddie Tracy. Interesting discussions and plans for a THIRTY-FIFTH REUNION next year filled in the evening.

Frank Limont travelled the farthest to attend the dinner—from Pittsfield and then he returned home same night. Eddie Fitzpatrick came on from Waterbury where he is teaching in Crosby High.

Father Billy McCarthy lost his father in April. The Class sends its sympathy to Fr. McCarthy and his family.

Eddie Austin is in the Veterans' Hospital, West Roxbury. A card or word of cheer will be good for him.

Eddie Tracy is now home from the hospital and showing slow but sure signs of recovery. He's grateful for the thoughtful expressions of friendliness which he has received. Keep sending them.

Jack Doyle reports that son Jack will graduate from the Heights with B.S. in Chem. in June. He is now employed by National Aniline Co. in Buffalo. Son Dick, now in Business School, is President of the Sophomore Class at Heights.

Rado McKeown is the new PM in Abington. Congratulations Rado!

Walter Durnan tells us that daughter, Rosemary, who is an M.I.T. graduate with both B.S. and M.S. with distinction was married in January to Dr. Luciano Carlo Scala of Bologna who is a Fullbright scholar at M.I.T. Daughter Ruth will be graduated

with an A.B. from Regis in June. She will be married in June to Paul Cambron Johnson of Silver Springs, Md. graduate of M.I.T. Son Vincent graduates in June from St. Sebastian and will enter the freshman class at the Heights in September.

Father Frank Caffrey, M.M., now back in Los Angeles, was recently photographed making a presentation to Bing Crosby for the latter's generosity to Maryknoll Missions.

Plan to be with us at our luncheon on Alumni Day. All arrangements have been made by the committee, **John Hoban**, **Clarence Green**, **Clarence Pike**, **Bill Cashin** and **Frank Nolan**. Bill Cashin is thoroughly enjoying the new role of grandfather. His daughter Betty became the mother of a boy in April.

One of **John Corcoran's** sons is in the service. Another is a student at the Heights. We ask you to pray for former classmate **John Graham** who died April 2.

ED. NOTE. **Martin Nolan '18** was last month appointed City Auditor of Cambridge, Mass.

Classmates are also asked to pray for your correspondent's mother who died in February and for John "Bert" Drury, father-in-law of **Dan Harkins**. Dan is presently U. S. State Department attache in Bremen, Germany.

Commencement is rapidly approaching and the forty thieves find themselves with thirty-one years passed into history since their big day and lest the realization that the Francis Joseph Glavin known in the Capuchin Franciscan Friary in Milton as Brother Leonard and who will take his Final Vows this year and start his theology at Catholic University is the son of our **Frank Glavin** makes the boys feel their age and then in trying to find some solace in reading that Bob Brawley and Billy Bend torn the battery for a C. Y. O. baseball team only to find out that they are the sons of two members of the class we have the antidote for them when we take great pride in announcing to the class that the mantle which **Louis Kane** tore from **Eddie Higgins** a few years ago is now adorning the shoulders of our **John Broughton** who with a disdainful look at father time casually reports the arrival in the world of Robert Joseph Broughton who should come pretty close to graduating on the old man's golden anniversary.

Rev. John T. Powers is the new pastor of St. Agnes', Middleton, and **Rev. Thomas J. Burns** is located at St. Bonaventure's Rectory, Manomet.

A summary of a speech delivered a few years ago by **Judge John Burns** was recently printed in the Boston Sunday Post. Subsequent events have proved that his predictions on international affairs were correct.

The booklet of nocturnal affairs used on Holy Thursday was prepared by **Rev. William E. Culhane**.

Mortimer Reardon has been appointed radio coordinator for civil defense in Boston.

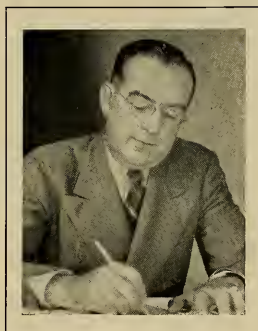

The sympathy of the class is extended to **Frank Connors** and to **Thomas Reynolds** on the loss of their brothers.

A sad honor, to bear a friend
Who has paid death's wage,
And leave his flesh and bones to blend
With Adam's heritage.

How awful would the yawning grave
Seem, as we near it
With one who once was warm and brave,
Were it not for the spirit.

But we, who stand above the green
Renewing earth,
Know through our grief that this must mean
A bright rebirth.

For he, whom we have lowered down
With bitter sighs,
Was good and fit for saintly crown
In Paradise.

traveling much of the time. Frank writes that he had dinner with Al Chapman at the Navy Officers' Club in Bethesda, Maryland, recently. Al was enthusiastic about his latest automobile trip to Mexico. Al, too, is in government service — very secret and mystifying. Joe Meigs is a member of Curtis, Morris and Safford law firm in New York. We never thought that our eminent chemistry professor would become likewise an eminent patent lawyer. He mentioned classmate Charles Daley.

Heartiest congratulations to Rev. Dr. Thomas Riley, now rector of St. John's Seminary, who has been rewarded for work well done at the Seminary. His librarian is Rev. John Considine who has recently taken up his new work.

Congratulations also to John Barry, vice-president of the National Shawmut Bank, on his being chosen public relations chairman for the 1952 Red Feather campaign.

Walter Markham has returned to his duties as director of the Lowell Vocational School after a very serious illness.

Seen at the final BC-BU hockey game was that grand end of the Cavanaugh era, Paul Ryan.

FRANCIS L. FORD
9 McKone Street, Dorchester 22

The twenty-ninth annual Laetare Sunday Communion breakfast of the class was held at the Heights, March 4th with about 55 in attendance. It was the usual Father and Son setup.

Mass for our dozen departed classmates was held in the Chapel with Father Patrick Collins, S.J., as celebrant and Frank Hickey, Jr., as altar boy. Ed Garrity and his seven sons occupied a full pew in the Chapel.

President Cecil McGoldrick opened the speech-making with a tribute to our late classmate, Gerald Coughlin, who passed away last December. Gaynor Wellings then acted as chairman and introduced Father Collins, who, once more, gave us the "State of the College". Before concluding his remarks Father Collins read Gerald Coughlin's tribute to our late dean, Father Patrick McHugh, S.J. The tribute applied so much to Gerald himself, that it was thought appropriate to have it read.

Mike Holovak, our new football coach, then gave a fine talk on his plans for the fall campaign.

The nominating committee returned the following slate for the coming year: President, Frank Ford; vice-president, Joe Sweeney; secretary, Dr. Phil McGovern, and Treasurer, George Olesen. Those present, not already mentioned, were: Con O'Brien, Ed. Dullea, Walter Dimmock, Ben Daley, Walter Mayo, Matt. Butler, Harry Mallowney, Frank Hickey, Dr. Len Morrissey, Owen Gallagher, Ed. Davis, Nick Tangney, Tony Comerford, Joe Galvin, Nick Dolan, John Flavin.

No one from the New York sector of the class was able to come to the breakfast, but Al Bedard sent their regrets with the following information. Al says in part: "Dr. Joe Delaney is, in my opinion, the best surgeon there is in New York city. His son Robert

is attending Providence College. He lives in Jackson Heights, Long Island. Bill MacDonald expects to be working on the Price Control Bureau for the New York area. He lives in Crestwood, N. Y., has a daughter and two boys, the older one being quite an athlete. Joe Moriarty is still with the Brooklyn Section of the City Transportation System (24 years now). He lives in Plainfield, N.J. Saw Jack Lyons at the Pentagon in Washington several months ago. He is a civilian in the department of the Army, Office of Chief of Staff, and is as beau brummel as ever. Lt. Commander Jim Reardon was also at the Pentagon at that time. Alfred Bedard Jr. is a sophomore at Xavier High School, and James Charles, 6th grade at St. Mary's School in Manhasset." Thanks Al.

Congratulations to Owen Gallagher, member of the Boston Housing Authority, who was married on April 19 to Miss Emily Couture. The reception was held at the University Club.

Congratulations also to Tony Comerford who was made Regional Administrative Assistant to Region 5, Civil Defense Agency recently. And another bouquet to him: Annellen Comerford, Tony's daughter, played the part of leading lady in Brighton High's play "Headed for Eden" by Sydney Duvall.

Our sincere condolence to Dr. Phil McGovern whose mother passed away in mid-January. May she rest in peace.

Dr. McGovern was recently made a Diplomat of the International Board of Surgery. For the past seven years he has also been on the American Board of Obstetricians.

Due to unavoidable circumstances some of these items are almost a year old.

Dr. Chris and Virginia Duncan spent several weeks last Fall touring Europe and visiting Rome. They were accompanied by Chris' mother and father and his mother-in-law, Mrs. Costello. Another member of the class who covered territory was Tom McIntire, who with his wife motored across the continent to the West Coast.

The annual class Communion breakfast was held on Sunday, April 1, Mass at St. Mary's Chapel was celebrated by Rev. John Tobin, S.J., and breakfast followed at the Hotel Beaconsfield. Classmates attending were: James Kellaher, John Holbrow, John Barry, Tom Deely, Les Hourigan, J. P. Sullivan, Joe Tribble, Jack Burchill, Dr. Walter Carroll, Ed Barry, Tony LeBlanc, Charles Sheehan, Jack Pyne, Dr. Jim Brosnan, Joe Turnhull, Connie Murphy, Tom Collieran, Roger Saldarini, Jim Walsh, Tommy Kelliher, Walter Conway, Nick Corbett, Henry Jennings, Arthur Dowd, Charlie Smith, Sil Connolly (who also served as altar boy), Dr. Max Connelly, John Monahan, Rev. George Corcoran, Ray Duffy and Dr. Chris Duncan.

Rev. George Corcoran informs us that he is a pastor in the "backwoods of Maine", up in Kingman, with a parish large in area but small in the number of souls. If my memory serves me correctly he has twelve in his parish and twenty in a mission some fifteen miles away. His Sunday collections average about \$12.00. Good luck "Buzzi" and may you hit the jackpot soon.

It is a sure sign of old age when you can name grandfathers among your classmates. So far as we know there are two at the present time, Mike Connolly and more recently, George Douglass.

Charlie Sheehan, our genial Boston school master, has a daughter in the Sisters of Charity and a son with the Columban Fathers in Milton.

Kindly remember in your prayers our late classmate Tom Eustace, R.I.P.

We are approaching the climax of our jubilee year with a slightly augmented program and with some changes from our earlier announced program.

The class outing will be held on June 1, 2 and 3 at the Hotel Mayflower in Manomet, just below Plymouth. Plenty of room and plenty of golf, tennis and soft-ball. The price of hotel accommodations is only \$25 for the outing. If you have not already returned our post card invitation, do so now to Bob Daley at 3 Fiske Road, Wellesley.

The Communion breakfast will be held in St. Mary's Chapel on Sunday morning, June 10, at 9 o'clock. Monsignor Stapleton will be the celebrant, and an excellent ham and scrambled eggs breakfast will be served in the Tower Building at 10 o'clock for all of us, including the wives and children.

Monday, June 11, is the big day. Your anniversary committee has met seven times this Spring planning these events for you. The newly-reddecorated and handsome Alumni Hall is ours for the day. A tasty buffet lunch will be served from 12:00 until 2:30, whenever you arrive. We have already arranged for the most complete and striking costumes that any anniversary class has ever worn. These will be distributed at Alumni Hall. After the three o'clock hall game, Alumni Hall is again ours until time for the big dinner in the gym.

Don't forget the B. C. Night at Pops on Friday, June 8. Doc Gorman has the tickets for our gang. Contact him at LA 8-6610.

Dr. Thomas J. Quigley has been appointed chief medical officer in the Boston Regional District of the V. A.

Walter R. Morris is chairman of the Office of Price Stabilization in Everett.

Postmaster J. Frank Colbert of Dedham has been recalled for active duty in the Army Air Corps Reserve and is now in Washington as Director of the Legislative and Liaison office of the Air Force.

Promoted from commander to captain, USN, is Thomas C. Herlihy, commanding officer of the Naval Yards and Docks Supply Depot at Davisville, R. I.

The April issue of "The High-Lite" published at Boys' Catholic High, Malden, was dedicated to Herbert Eveleth, Legion Commander. He is married and has two sons, Barry and Robert. Rev. Edward F. Dowd has again returned to the faculty of Catholic University, Washington, D. C., and Rev. Michael F. Costello, formerly of the Cathedral staff, has been appointed administrator of Sacred Heart parish, Cambridge.

Sincere condolences are extended to the family of Patrick J. Foley who died on April 29.

Our 23rd annual Communion breakfast was held at the Hotel Beaconsfield, Sunday, May 13, 1951. Mass was celebrated at the College by our classmate, Rev. William J. Casey, S.J., who came down from Worcester. Guest speaker was Rev. Martin J. Harney, S.J., who gave a very inspiring talk. Maurice J. Downey was toastmaster. About 40 members of the class attended. Members of the committee were: Maurice J. Downey, Bill DiMarzio, Walter Breen, James Keith, Thomas Aglio and John Gartland.

Charles "Bunk" Driscoll was recently appointed assistant vice-president of Middlesex County National Bank.

Doctor Joe Doyle has been selected as an assistant consultant of Biology Research at the College.

Many class members and their wives took in the B. C. vs. B. U. hockey game, February 26. This affair is building up. Dr. Joe McCarthy came down from Concord, N. H.

The class expresses its deepest sympathy on the death of Pat Tompkins' father and John Hughes' mother.

It has been reported that Wallace E. Carroll is one of the big industrial tycoons out Chicago way.

Tom Gemelli was recently promoted to chief probation officer of the Roxbury District Court.

Herb Stokinger has been elected president of the Milton Town Club. He is director of physical education at Milton Academy.

Chaplain Leo McCann is with the AAF attached to the 6602 Air Base Wing, APO 864, c/o P.M., New York, N. Y.

Sinister political machinations by President Harry Kievenara, staunch Servel supporter from 100 Arlington Street, preceded the annual election of officers at the class dinner at Alumni Hall on Easter Monday. Ignoring the tried and true Kievenara election which is a class tradition, President Kievenara presented a slate of officers. To our correspondent's horror, his speed of foot has disappeared in the twenty-two years since Commencement, and he found himself elected president, his attempts to decline the honor (it says here) being forcibly prevented.

Father Frank McElroy, archdiocesan Holy Name head, was named vice-president, not being there to defend himself; George Patterson Donaldson recoiled in horror on hearing himself chosen PERMANENT secretary, and Vin Roberts was held in his chair while attempting to avert election as treasurer and class agent. Because of the wild uproar from the victims, Joseph Birmingham and John "Kewpie" Kilroy were unaware until later that they had been named assistant class agents.

Present at the dinner were: Fathers Jim McManus, now of the Chancery office, Leo O'Keefe, S.J., of Campion Hall, and Paul McManus, S.J., of the College; Jim "Thin Man" Alphen (and we're not kidding), Boston Assessor; Atty. Jerry Mahoney; Bob Buck, the educator and lecturer; Bernie Kilroy and Leo Donahue,

the schoolmasters; John Donahue, realtor and bank official, and Bill Ryan, MTA legal luminary.

Attorney Henry Leen was warmly commended by classmates for his masterly bandling of the Corporate Communion breakfast, although some rudely affected to believe that the breakfast toastmaster was in reality a favorite, but long deceased professor, who was likewise deficient in filamentous structures emanating from the skin.

Past Presidents Paul Markey, Dr. Bill Flynn, Ed Lee, Bob Buck, Jerry Mahoney, Harry Kievenaar, Gene McLaughlin, Henry Leen and Dr. Ken Brown (whose medical commitments prevented his attendance) were named as a steering committee to

make preparations for our approaching 25th anniversary.

At the dinner were Frank Cadigan, whose son will receive his degree this month from the College; Father Frank Harkins, Dr. Jim Hennessey, Tom Conroy, Barr Dolan, Henry Keenan, George Lordan, Bill LaFay, Al Monahan, the Globe editor; Leo Haley, Ed Murphy, Ed Murray, who was subjected to some ribbing about returning to the colors; Dr. Leo O'Connell, the old basketball whiz; Bill Peltier, Joe Sheehan, Frank Voss, Bob Hughes, Phil Stuart and Frank Mone, now a successful Taunton attorney.

Regrets were received from Keelan "Sam" Milhury, who suffered broken bones in a fall from a street car, and

Warren McGuirk, captain of the Eastern Champions of 1928, who was detained at a faculty meeting at the University of Massachusetts, where he is director of Athletics.

Attorney Henry Leen has been appointed regional counsel for the National Production Authority's office in New England.

Ed Westling is manager of the brokers' clearance department of the Second National Bank of Boston. He is married and has two daughters.

Col. Theodore P. Gahan is now stationed at the Army Medical Center, Maryland.

Rev. Joseph B. Hanley has been assigned to St. Joseph's parish, Belmont.

Lt. Comdr. Paul L. Broderick, USNR, is now on duty at Floyd Bennett Field, Brooklyn, N. Y. He is married and has four children.

FRANCIS J. McDERMOTT
12 Neponset Ave., Hyde Park 36

Keep in mind the traditional Alumni Day luncheon under the chairmanship of **John "Spike" Cronin**, and make every effort to attend. Date: June 11 (Monday). Time: Noon. Place: Dinty Moore's—near Hotel Avery in Boston.

The social late in March was a first-rate success, and the class is indebted to the hard-working chairman, **Lou Sacco**. Thirty-two couples were on hand. Those who can and fail to attend affairs of this sort really miss much.

It is distressing to report that **Wally Gallagher** was killed in a plane crash at sea on March 17. He had been engaged in commercial flying at Plymouth Airport, and was also postmaster at South Duxbury. Ironically enough, during the war he was shot down over New Guinea, and parachuted 2,000 feet to safety. According to my count, Wally is the nineteenth member of the class that has passed on to his reward.

Class condolences are extended to **John J. Ryan** who buried his mother in March, and to **John Keefe** who lost his wife in December. **John Keefe** is now with the Department of Justice in Boston after tours of duty in New Orleans and Washington. He also, by the way, has four children.

Doctor Frank Straccia is located at Worcester State Hospital. **Doctor Fred McCready**, who spent three years at the Mayo Clinic, is a surgeon in Worcester. **Doctor Jack Flynn** is a pediatrician in Salem and **Doctor Frank Sennott** is a general practitioner in Cambridge. **Doctor Phil Quinn** addressed the Pre-med Club at the Heights in April on "Religion and Psychiatry."

Naturally reference last time should have been to **Tom Turnan**, and not **Tom Turner**. My slip is showing. Pardon me, Tom.

Dick Morris has three sons. **Fruit** is **Dick's** specialty—the **John H. Morris Fruit Business**; there are two stores in Jamaica Plain, one in West Roxbury, and one in Roslindale. **Don McGinnis**, father of three girls, is teaching at Lincoln Junior High School in Medford. **John Peyton** is teaching at C. R. Edwards Junior High School in Charlestown.

Al Mahoney is a lieutenant colonel in the Marine Corp. **George Lyons** is a career officer in the navy—a lieutenant commander. According to my latest information, and incidentally my source was **Wally Gallagher** just before his death, **George** is residing in Marshfield with his wife and three children, and is in charge of a reserve officers' training program in Brockton.

Art Fleming is up to his ears in dough. In the bakery business, he teaches its fine points in Dorchester.

John Roddy has been appointed associate legislative counsel for the Boston Chamber of Commerce. He is an attorney with law offices at 53 State Street.

Dr. John Flynn was the guest speaker at the April 9 meeting of a Lynn P.T.A. He is associated with the Salem and Peabody Hospitals and the North Shore Babies Hospital.

Mr. and Mrs. Walter Grady of 3625 Rushland Avenue, Toledo, Ohio, have announced the birth of their third child, third son, **Thomas John** on March 24.

George Devlin's second child and first son, **Christopher Charles** was born on Christmas Day. His daughter, **Marie**, is now 4½ years old.

Lt. Colonel Timothy J. Dacey, USAF, is Deputy Chief of Military Personnel, Strategic Air Command, Omaha, Nebraska. The **Daceys** now have four children, 2 boys and 2 girls.

John Gaquin is now the proud father of four, and **Tom Kilday** will welcome his second child in June.

I've managed to deliver quite a few babies in this column; I should hang out my shingle.

Don't forget the luncheon and the Alumni Fund. Enjoy the summer.

At the annual class banquet in January, **John Gibbons** was elevated to the Class Presidency. Guests of honor were Father James J. Kelly, Mr. John Drummey, and Mr. Jack Hayes. Some eighteen classmates managed to break away for an evening of wining, dining, and reminiscence. John Glenn came way down from Concord, N. H. for the occasion.

F. X. Murphy, Captain, USAF last heard from on his way to Korea all set to bomb Moscow. **Arthur Curry**, **Dick Grainger**, and **Henry McConville** joined the elite by passing the Bar Exam. **John Drummey** is upset because more accountants are becoming lawyers than CPAs.

At a recent Fargo Get-together it was disclosed that **Jim Reilly** has deserted General Motors, Framingham for Nash, Commonwealth Avenue, to be Ass't Comptroller. **Tom McDonald** is still auditing for CPA Griswold. **Bob** (We Move Everything) **Dunn** has turned Republican by moving to Milton. **Fred Keefe** may be transferred to Pelham, New York by Esso. **Bob Shaughnessy** is still looking for a place in the country. **Ed McGrath**, Lt, USN on duty in Public Relations in Boston.

Dan Carmichael's advice to use direct mail advertising recently proved a flop. A 46 piece mailout, to get some really up to date information for this column, resulted in one answer.

The New England Tel. & Tel. Co., has promoted **J. J. Connerly**. He is the new manager of their Waltham business office. **John** is married and has three children.

John Brennan is engaged to Helen Falvey of Brookline. He is an assistant professor and chairman of the department of industrial management at the CBA.

Cut in Portland, Oregon on June 3, **Charlie Savage** will be married to Mary Small of Portland.

Among those present at the testimonial dinner to new coach, **Mike Holovak**, were: **Vin Forte**, now a food broker for the Springfield Sales Co.; **Ed Madden**, **Jim Dunn**, **Bob Killoran**, a partner in the V. A. Taylor Mfg. Co.; **Frank Farry**, assistant comptroller for Massachusetts Memorial Hospitals, and **Ed Smith**, teaching in the Quincy School system. A recent note from **George Bray** brings word that he is now teaching in the Town of Brookline, and living in Quincy.

Ed Forristall is associated with Ford Motor Co., Somerville, as an industrial engineer. Glad to hear that our boy **Jim Grimes** has recuperated from a recent operation and is as well and as handsome as ever.

Frank McCann is still in the "spirits" in Lawrence, and from all reports going along very well.

Just recovering from a "heavy" tax season is **Frank Conroy**, a tax consultant with Russell and Powderly.

Among the '43 men out of state is **Art Jordan**, Connecticut manager for the Art Metal Construction Co.

The services have recalled more members of the Class of '43; latest to be heard from is **Paul Healey**, USMC, who is at present located in the Norfolk area. Our congratulations to Paul on passing the Mass. bar exam. Your correspondent has also been recalled and is at present stationed at the U. S. Naval Torpedo Station, Newport, R.I., and would appreciate hearing from any or all of the men of '43.

The Class wishes to express its sincere sympathy to the family and friends of the late **Joe Gannon**. Joe had all the fine attributes of a true Boston College man and will always be remembered by those who knew him.

A successful class reunion was held last month at Alumni Hall. **Henry Brash** was chairman assisted by **Tino Spatola** and **Ray Holland**. Henry is now with the Social Security administration in the Waltham Office; Tino is a salesman for Swift & Co., and Ray is with Carter's Ink.

Gerry Finnerty was the instructor in this year's restaurant course offered in the University Extension Courses of the Mass. Dept. of Education. He is operator of the Petite Gourmet in Cambridge and the Lobster House in Gloucester.

Congratulations to newlyweds Mr. and Mrs. **Joseph Kelly**, and Mr. and Mrs. **Daniel J. Durant**.

Gerry Kirby and Mrs. **Kirby** are the proud and happy parents of their first child, daughter **Mary**.

A Word About The Christophers

Ed. Note:—The idea of actively loving your neighbor is certainly not a new idea. In this modern day, however, it is a divine command that is receiving new obedience from the *Christophers*. Today thousands of Catholics and non-Catholics alike are actively loving their neighbor through practical manifestations in their daily lives through the help and inspiration of the Christopher Movement.

Note on Classes

With the idea that news of this quiet 20th Century Crusade of love of Christ might be unknown to you, we recently asked Father James Keller, M.M., founder of the *Christophers* to give us a message for Catholic college men. Here is his message.

THE CHRISTOPHER POSITION

The Christopher movement is under Catholic auspices. By the very fact that it is Catholic, it is deeply concerned for time and for eternity with the welfare of *all men*—of Protestants, Jews, those of no formal religion, and those whose background makes them hostile to religion. In loving solicitude we are bound to include *all* and exclude *none*. Each is a child of God at least through creation. Each, doing even one thing for Him, can start to be a Christopher, a Christ-bearer.

Less than 1 per cent of humanity have caused most of the world's recent major troubles. This handful—no matter what their labels—mutually shares a militant hatred for the basic truth upon which this nation and all Christian civilization is founded (and without which it cannot endure): that each and every human being shares the common Fatherhood of God, deriving his rights from God, not from the State. Driven by such hatred, those few become missionaries of evil, striving to reach the *many*, not merely the *few*. They usually get into one of the four spheres that touch the lives of all people the world over: (1) education, (2) government, (3) labor-management, (4) writing (newspapers, magazines, books, radio, motion pictures, television).

The aim of the Christophers is to get another 1 per cent to go as apostolic workers—as Christophers or Christ-bearers—into the same four fields, and strive at least as hard to *restore* the fundamental truth which the other 1 per cent are working furiously to *eliminate*.

It is far more important to get workers of good *in* than it is to get workers of evil *out*. Positive, constructive action is needed. Little is accomplished by complaining and criticizing: "*It is better to light one candle than to curse the darkness.*"

The Christopher movement has *no* chapters, *no* committees, *no* meetings. There are *no* memberships, *no* dues. Rather than have a large number of people "paying dues and doing nothing," we have, from the beginning, set out to encourage tens of thousands to "do something and pay nothing." For the material means to carry on the Christopher program our motto is the simple one inscribed on every American coin: "In God We Trust."

God willing, this tiny spark may one day burst into a flame. Fortunately, we have to manufacture nothing; our product is made in heaven. All we have to do is become *distributors* of a changeless Truth in our changing times, ever conscious that there can be neither peace nor freedom without that Truth which "will make you free."

By your living presence as a Christ-bearer in the main-stream of life, you, too, with God's grace, can help renew the face of the earth!

NECROLOGY

JAMES L. DUFFY '16

Hundreds of friends of the late James "Jimmy" Duffy, popular coach, teacher and Boston High School assistant physical director, filled St. Peter's Church, Cambridge, recently to pay their final respects at a Solemn requiem mass. Burial was in Holyhood cemetery, Brookline.

The Mass was sung by the Rev. John J. Tierney of St. Peter's Church, assisted by the Rev. Joseph P. Donelan and the Rev. Cornelius Hogan. Among the members of the College faculty attending were the Very Rev. William Keleher, S.J., Rev. Maurice V. Dullea, S.J., the Rev. Patrick H. Collins, S.J., the Rev. Frank V. Sullivan, S.J., and several others.

"Jim" Duffy spent over twenty years as a coach in football, baseball and track. As a student at B. C. High he trained under the famous Arthur Duffy, then a coach there, and later went on to B. C. to make a remarkable reputation as a sprinter.

Along his trail, "Jimmy" set a remarkable example for all high school boys. To go through the list of athletes who were once under his guidance and later made names for themselves in college would lead the way for unintended omission. The list of successful business and professional men who once pointed out Jim Duffy as their ideal and went on from there to climb to success is a long and famous one.

Their success as men is his lasting memorial.

HENRY J. GILLEN '19

Henry Gillen, class of 1919, was a trustee of the Boston Post, chief editorial writer and assistant city editor at the time of his death. A graduate of Boston College High School, he began his career as a newspaperman as B. C. correspondent for the Post during his undergraduate years at the Heights. He was captain of the debating team which gained national honors in 1919 when it defeated Princeton in a debate at University Heights, and he was honored with the Fulton medal. At that time President Lyons considered him, "the brightest student in Boston College in a decade."

Mr. Gillen was valedictorian of his class, class poet and editor of the *Stylus*. He worked daily as correspondent of the Post during his junior and senior years, and during summer vacations as a cub reporter on the staff. He was a veteran of World War I and a member of the Roxbury Post, American Legion.

He was a member of the National Association of Editorial Writers, the Boston Authors Club, editor-in-chief of the old Boston Newspaper Club and active in the Veteran Journalists Association.

His editorials were noteworthy, and one which predicted the re-election of Mr. Truman in 1948, showed his remarkable political acumen. Besides his editorials he wrote a widely popular column entitled "Mr. Prohoc Speaks," which clarified the major news topics of the day and published a book of verse entitled "Of Home and Country."

He is survived by his wife, Velma Lydon Gillen of Abington, whom he married in 1939, and their daughter Mary, aged seven, who is a student at Notre Dame Academy in Roxbury.

Sports

BASKETBALL

The 1950-51 edition of Boston College basketball earned the first token of advancement for this sport since the court game was revived at the Heights in 1945. The Eagles, under the direction of coach Al "Gen" McClellan, won 14 of their originally scheduled 25 games. Then in post season competition, swept three straight games and copped the First New England Invitation Basketball Tourney Championship.

The basketball team was hurt from the start when near the time of its initial practice session, Captain Tom Deegan was notified of the loss of his father. Near mid-season, the talented and highly spirited Timmy O'Connell lost his mother and then too, Fran Dugan's father died.

Three boys, composing three-fifths of the starting quintet had such sorrows to contend with and still try to keep up a team that everyone thought should win each game on the schedule. Injuries, which occurred, along with the flu that was prevalent last winter, were minor details compared to such losses as these boys knew and felt by the team as well.

The crowning blow came after the Eagles had fought, tooth and nail, for a major victory in Madison Square Garden. The top rung had been reached as B. C. whipped City College of New York. The disastrous scandal that broke out later was shameful and

cast a murky shadow on the growing winter sport.

The long waited series with Holy Cross proved to be a sham as the Eagles' feathers were plucked wholesale. But the General's men started to put the pieces back together again as the season drew closer to its finale. They were edged out of two close contests in New York by teams whose records demanded easy victories and then the B. C. five broke out and ended the regular season with a glorious victory over a red-hot Rhode Island State five at the Boston Garden.

The Eagles were then invited to participate in the New England tourney, first of its kind in these parts. B. C. had to meet Bowdoin and Colby on Maine courts but still emerged the victor of the Northern division. The final was played at Tufts' Cousens' gymnasium with Trinity College the other finalist.

A tight court battle ensued with Trinity having the edge throughout. But in the closing seconds, the B. C. five spurted and gained a deadlock as the regulation period ended. In the overtime period the Eagles were overwhelming and raced through the extra period to win by ten points.

HOCKEY

The B. C. hockey team, hurt from the outset by injuries, illegibles, and losses to the armed services, still survived a season in which competition was bitter and stronger than it has been in many years. The icemen, despite all the weights trying to hold them down, still fought their way into the New England League finals only to fall before the powerful Boston University sextet 1-4.

The hockey team also knew moments of brilliance but for the most part, had to fight its way to victory on spirit alone. Injuries racked the B. C. roster and still the club hung on. Its spirit gained a 4-1 decision over Brown in the opener and then the night after being trounced by Michigan, rebounded to whip the previous year's National Champs, Colorado College.

The finest example of B. C.'s spirit was shown in the second Harvard game. When Harvard blurted seven goals into the B. C. nets in the second period and might have scored more if the period hadn't ended, things looked mighty black for B. C. But back the Eagles came in the third period and bettered Harvard's mark as the B. C. six left the Arena a 10-9 victor.

Considering the values involved in last winter's college hockey race, material and talent, B. C. did a wonderful job in being able to end a physical tough season with 12 wins in 20 games.

BASEBALL

The B. C. baseball team and the annual Spring football drills appeared on the campus calendar at almost the same time. Prospects of a good diamond season is at hand. To date, that is, at this writing, four games have been played, two wins and two losses. But that doesn't necessarily give the whole picture. The two losses have been unfortunate in that the season was so young and the weather so cold, and to top that, not old enough for the players to get their bearings. A few errors, mistakes in judgments all brought about losses to teams that had a few more games already tucked away.

The pitching staff this Spring is probably the best seen at the Heights in many years. The infield is very strong with first base being the only exception yet even this position is bettering itself each day. The outfield is not lacking for anything and Mike Roarke's catching is the best.

The hitting department, at this time, is the one major drawback. For four games' efforts, the club is only hitting as a whole, for .190. But in pitching circles, the earned run average, supplied by Bill Scholz (one win no losses for 1.998), Paul Nash Lockary (one win no losses for 0.000) and Bob Mulrennan (two losses for 1.584) is very good. Mulrennan's defeats, as should be noted from his earned run average, certainly don't indicate faulty pitching and in the recorded facts, Mulrennan has been beaten simply by laxity in the field.

ALL ALUMNUS COACHING STAFF — Shown in a recent photo at the Heights during the just completed Spring practice are Head Coach Mike Holovack '43, Backfield Coach Steve Stuka '50, Line Coach Gil Bouley '44 and End Coach Bill Flynn '39.

FOOTBALL

Football has partially shared the spotlight this Spring due to the inspirational instructions handed out by head coach Mike Holovak '43 and his assistant, Gil Bouley, '44, line coach, Bill Flynn, '39, end coach and Steve Stuka, '50, backfield coach.

The spirit is very high on the squad and the candidates are showing vast improvement as they outwardly respond to the direction of the coaches.

Hard work in fundamentals, physical conditioning and for a good part, simply mental attitude have been the keynote of the Spring drills. Actual intra-squad scrimages have been at a minimum as the coaches, through Holovak's insistence, are stressing the fundamentals of football and the execution in monotonous repetition of assignments.

The squad as a whole is responding marvelously to the coaches' directions and already, shapes up as a smart looking unit. Coach Holovak seems to have brought back the true spirit which a Boston College football player once had but then lost. Enthusiasm to perform perfectly is the prime note of the players today at the Heights, so it may be, the Eagles will again spark the New England gridiron circles.

TUNNEY AT BOSTON COLLEGE

The Champ Comes to the Heights—Gene Tunney, only undefeated fighter to retire in undisputed possession of his world championship boxing crown, paid a visit to B.C. last Tuesday, May 22. Shown with the famed Shakespearean scholar are Mr. Curtis Freshel, original owner of Alumni Hall, and our own John B. Atkinson '16, retiring head of the Alumni Association and City Manager of Cambridge, Massachusetts.

Varsity Club

There will be a meeting of the Varsity Club on June 6 at Alumni Hall for the purpose of conducting the annual election of officers. John J. Walsh, '15, is chairman of the Nominating Committee. The chairman of the evening is T. Edmund Garrity, '23. Joe Ingoldsby, '27, chairman of the Membership Committee states that: "All who have been awarded the Varsity 'B' in major and minor sports are eligible for membership in the Varsity Club upon graduation. Dues are \$2.00 a year. A Varsity 'B' pin and an engraved scroll will be sent to members paying dues. Send checks, payable to the B. C. Varsity Club, c/o B. C. Alumni Association, Chestnut Hill 67. Activities are being planned for each sport. The active

interest and suggestions of club members will be most welcome."

At the meeting on May 9 the captains of all sports at the Heights during the past season were received into the club. They are: Philip Coen, Football; Thomas Deegan, Basketball; Leonard Ceglarski, Hockey; William Walsh, Baseball; Irving Howe, Track; Hugh Mullin, Golf; Philip Maloney, Tennis; Malcolm Connor, Skiing; George Kane, Yachting; Leonard Deon, Rifling.

John W. Kapples, '14, was made an honorary member of the Club.

Bob Simmons, '19, was chairman of the evening.

Holovack Reports

We have just completed our Spring practice with an informal scrimmage against the University of Massachusetts at Amherst. Naturally Spring practice is a hard time for football players, but I felt that the boys did go into the game full of spirit. During the whole practice they showed a great deal of fight which I am sure they will carry on to the gridiron next fall. I feel that the fans of Boston College, the Alumni of Boston College, the students and all concerned will be proud of their team.

Naturally I can't be too optimistic about it. It's a ballclub that didn't win a ballgame last year, but from looking at the boys this Spring you would never think they had a disappointing season. The team was full of eagerness, full of pep, and they really worked hard.

It was a dull Spring practice, in so far as football itself is concerned. We started at the very bottom, with the very preliminary work of football—the way they stand, the way they run. Next we started blocking and tackling and we very rarely deviated from that practice. Consequently, we didn't have too many plays, there was not too much finesse. It was just the ordinary fundamentals of football and we held to that routine throughout the whole Spring practice. It was monotonous for the coaches, and it was monotonous for the boys, but I am sure it will pay off in the long run.

We also now are looking forward to the freshmen who are eligible to play next fall. Just who will be with us, I don't know. No one seems to know, because of the unsettled conditions of the world. But we are looking forward to a good crop of freshmen and if we can get two or three or even four of them who will really help us next fall, we will be that much further ahead.

Here are some of the highlights of our Spring practice so far as the men are concerned. We found we have some running backs who can really run, who are fast, youngsters like Zotti, Joe Johnson, Dan Brosnahan, Jack Irwin and a few more. John McKinnon at quarterback looked especially good. He worked hard, called his plays well, faked well, passed well and of course we are hoping he will be back with us next fall. In that position as in every other position, there were boys who

were pushing them. This competitive spirit is a good thing because it keeps the boys on the first team hustling to keep their jobs—and the boys behind them are hustling to get the first string jobs. If we can continue that, our football is going to be better for it.

Our coaching staff as you know isn't an experienced one, but it is a *young* one. We've worked hard and we shall continue to work hard. I feel certain that despite the inexperience of our staff, like the ballplayers, our hustle and determination and willingness to work and win will bring us out ahead.

My chief assistant is Gil Bouley who played professional football with the Los Angeles Rams for six years, one of the finest tackles that ever played football at Boston College or in professional football, a boy with untiring energy. Gil tells the boys how to do it, tells them why they should do it and proceeds to show them how to do the many certain things, so important to a winning team. The boys all like him, respect him and will really play good football for him.

Our end coach, Bill Flynn, you are familiar with as he has been on the staff the past three years. A professor at the college, the former captain of the B.C. football team, Bill is a real smart boy and a very willing worker. Our ends will do a great job for him next fall.

To complete the staff there is Steve Stuka, our backfield coach, who helped with the freshmen two years ago and did a marvelous job. Steve was always one of the smartest players, especially from the defensive standpoint of safety. I am sure that if he can develop one or two boys back there who can play the safety spot, he certainly will be worth his weight in gold.

What we need next fall is, first of all, the support of a strong Alumni. If our grads turn out at the ball games and show the interest that they have in Boston College football, half the fight will have been won. Plan to turn out at every game we play. Cheer for the boys. They're out there doing their best—win, lose or draw. They're giving their best, working hard at practice. I am sure that if the Alumni will get behind the team, everybody will notice it, and there will be a better spirit all around. The boys on the team themselves will realize it. They'll see it. They'll hear it. I think their play will improve for it.

Of course we'll need a great deal of help in the task that lies ahead. We have a great many highschool coaches in greater Boston who are Boston College men. I certainly would like to re-

quest these coaches to recommend their best student-athletes to consider the advantages of a Boston College education. We need good men. You just can't win without 'em. If we can secure this type of cooperative support from our own B.C. men coaching in secondary schools we will once again be the power that we have been in the past.

To sum it up, it seems to me that if our youthful coaching staff can transmit its own attitude of willingness to work and determination to win, to the boys who have shown that they will work hard, who want to learn football, who are willing to sacrifice a little bit, and who want to win, our football certainly should become better next year.

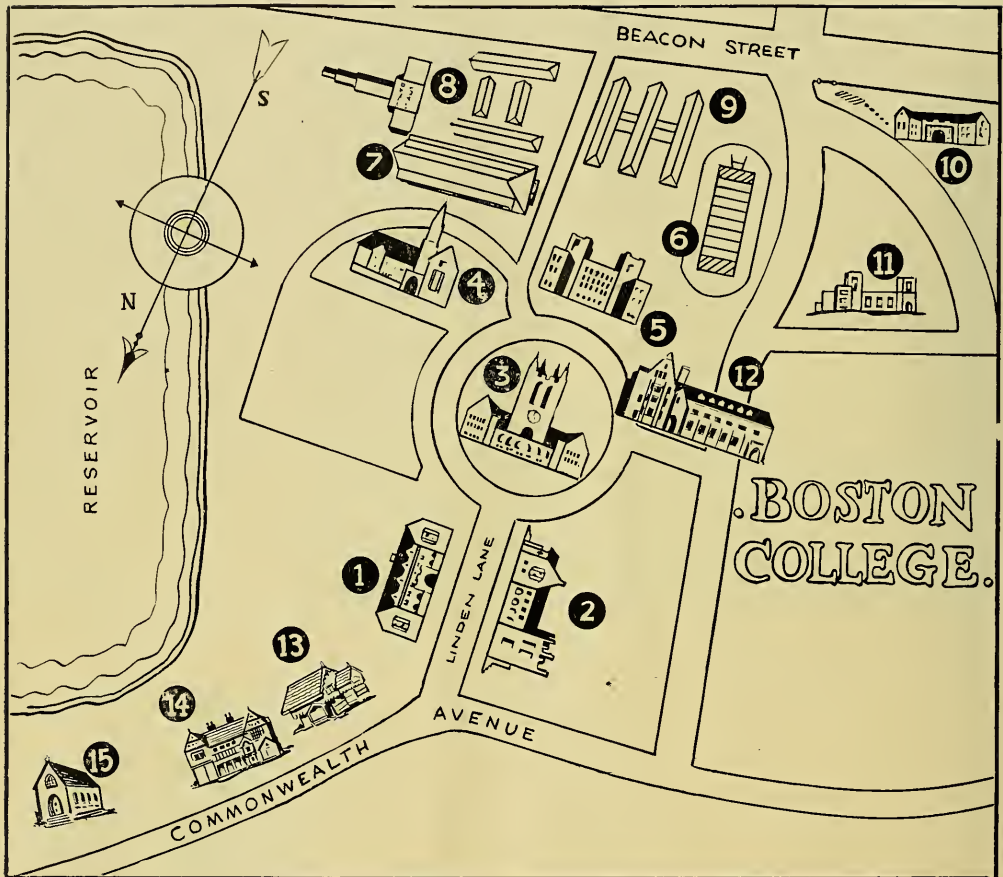

A lot naturally depends on the military status of the nation. Right now we don't know who will be back next fall, or who will be coming into the college. That is something that no one can determine and until next fall rolls around and football practice starts, I can't say who is going to play where or who will play, for the simple reason I have no idea who will be around.

What I do want to stress strongly is the fact that *whoever* is back here playing for us next fall it will be a team that *will be in condition*, a team that *has been taught the fundamentals, the rudiments of blocking and tackling*. We will certainly have a team with one thing—*spirit*. *They'll be out there to win for Boston College.*

The Heights Revisited

by Cyril G. K. Marshbank III

The walk seems just as long. And the hill as high. But the view has changed. Tower spires no longer look down on a rustic scene and peaceful reservoirs. This is the new Boston College — expanded and more beautiful.

In 1920 only the Tower Building and the newly completed St. Mary's Hall graced University Heights. The Students' Army Training Corps had gone and the barracks and mess halls with them. Landscaping included only newly planted trees. And enrollment topped 800 students.

But in intervening years new things have come. The old grad is revitalized by the sight of his Alma Mater now matured, with its Tower head held high. No longer two buildings on a majestic hill. This is a college campus with many of the finest university buildings in the country spiraling up in Gothic splendor. Shapely trees line the entrance road splitting St. Mary's and the fabulous Library building, built in 1928. And then the Tower, first and central building on the Heights.

Completing the initial "H" design of the building plan are the Science Building (1924) and the Philosophy Building now under construction. On the far side of the hill, behind the Tower is the new (1947) Business School. These are the major structures on the Heights today.

But the aging eye of the old grad notes many other changes at the scene of his college years. O'Connell Hall (the former Liggett estate) became the temporary home of the Business School in 1941 and now serves as the newest dormitory building of the College. It is located at Hammond Street and College Road. Coming back toward the Tower the stone and iron fence along Beacon Street stands out as part of the 1935 modernization. This was completed three years after stadium at Alumni field was dedicated. Over beyond the athletic fields are the dormitories and gymnasium. Reminiscent of military days of 1918 and 1941, these structures serve the temporary needs of an enrollment, swollen with G. I. students, which only now returns to normal. Ascending to the

Tower we notice the nearest reservoir Boston-ward has been drained. And they tell us this will be the location of a new stadium in the near future, God willing.

While no chronicle is attempted we mention the Philomatheia Club at the entranceway to the College and the now adjacent Alumni Hall. While at the foot of the hill the modern St. Ignatius Church stands first in the sight of the visitor from Boston.

These are the material things that meet the eye and impress the mind. But beyond the visual scope are the extensive additions of new courses and schools. The Graduate School which was the merger of two previous schools, two Jesuit Houses of Study at Shadowbrook and Weston, the School of Law, the Intown School and the School of Social Work and finally the School of Nursing.

These then are the sights of the eye and the thoughts of the mind without recourse to the files of the College. They represent expansion and modernization, a keeping pace with the times.

It is something the old grad is not expecting. While the business world advances rapidly there seems to be the thought that Alma Mater is always to be as in the past. But the scene at University Heights has changed, or have you revisited the Heights lately?
